ANNUAL STAFF

Denise Ranly, Mrs. Edith Doudney, Advisor; Shirley Bailey.

Around the Campus

Each year at the opening of school the new freshman class, being uninformed about the ways of high school, has to be instructed by the seniors.
The freshmen boys learn the new style of dressing — shirts buttoned down the back.

The freshman girls learn how to handle an enemy attack — shoot 'em down!

Freshmen Monte Dixon, Tommy Hendricks, and Denny Rollins rest after a vigorous session of instruction.

All the classes worked hard to make the Halloween Carnival a success. Penny Crego (above) seemed to be doing a "Short and Sassy" commercial while Linda Adams looked on at the freshman booth.

Juniors Mark Benton, Cindy Murley, and Dan Chandler seemed to say, "This coke isn't for sale."

Juniors Deborah Stone and Jackie Miller tried to drum up some customers for their ring toss game.

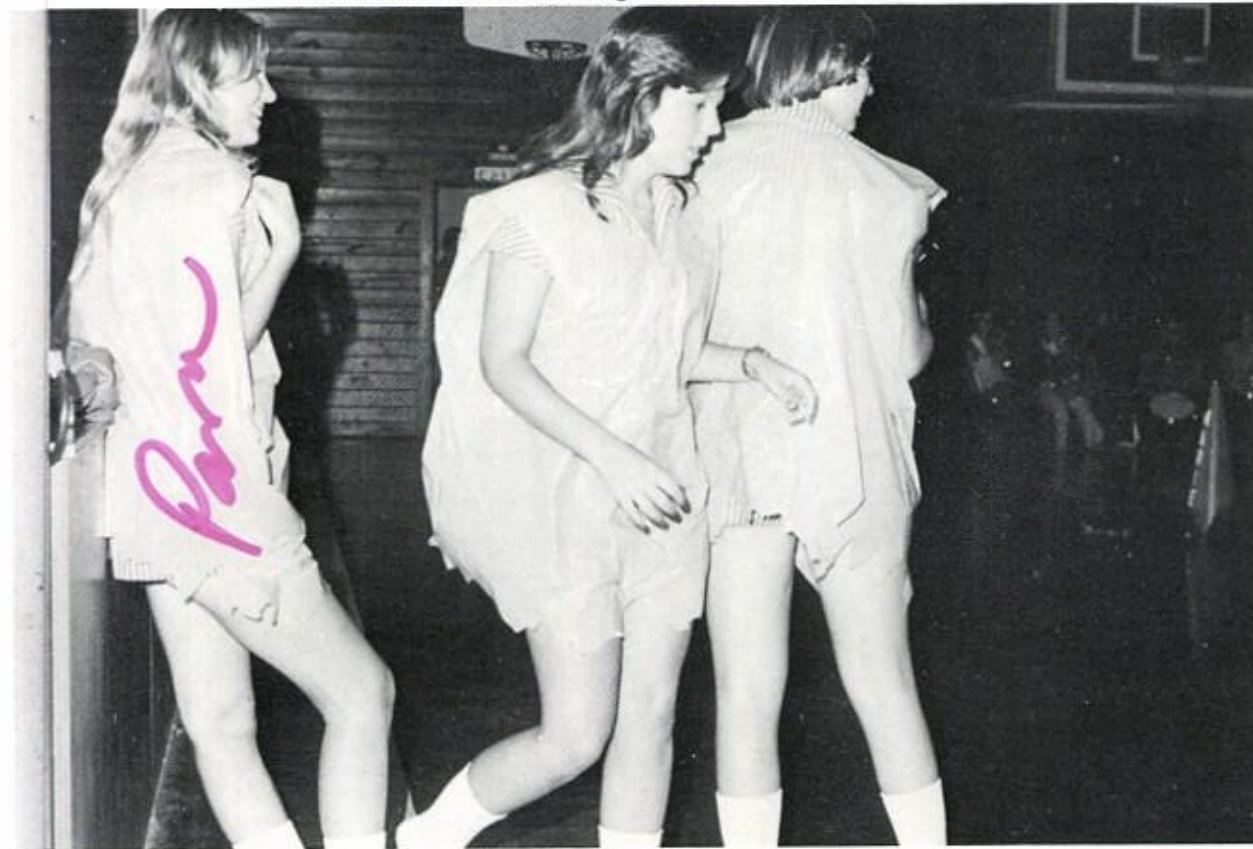

It's difficult to tell by the way they looked, but seniors — Butch, Burl, Mr. Mack, and Wayne — ran the spook house.

SCHOOL SPIRIT

The cheerleaders making locker decorations.

The majorettes impersonating cavemen? Cavewomen?

Marie and the bottom half of a make-believe bulldog.

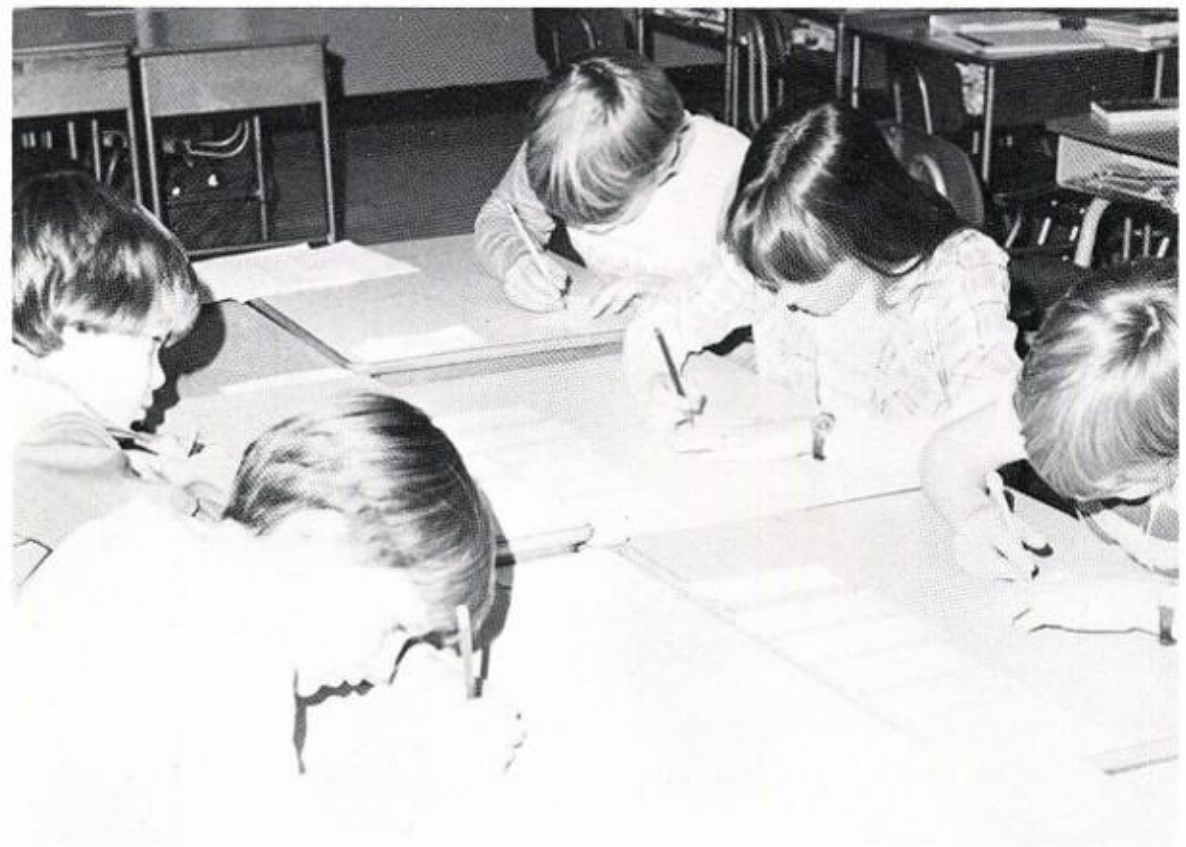

Everybody takes part in the pep rallies.

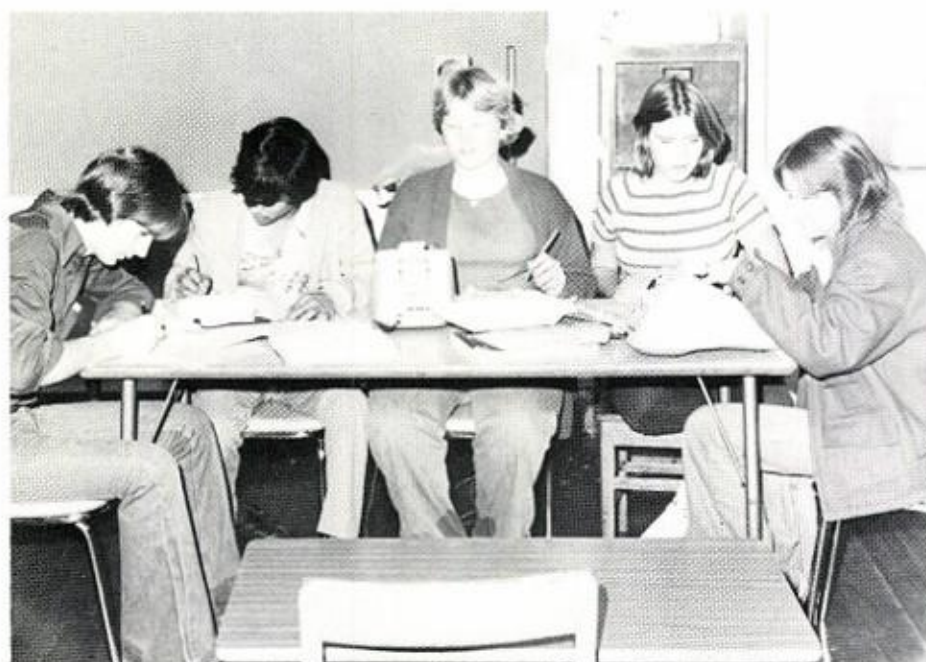

Resource students, Mrs. Phenix, and Miss Jaska making Christmas tree ornaments.
Fifth graders, Frances Mahan and Laronda Hall enjoy a game of jacks.

It takes both work and play to make a good school year. The younger students' "toys" are not quite as complicated as those used by the high school students.

These fourth graders are working hard to master their "times."

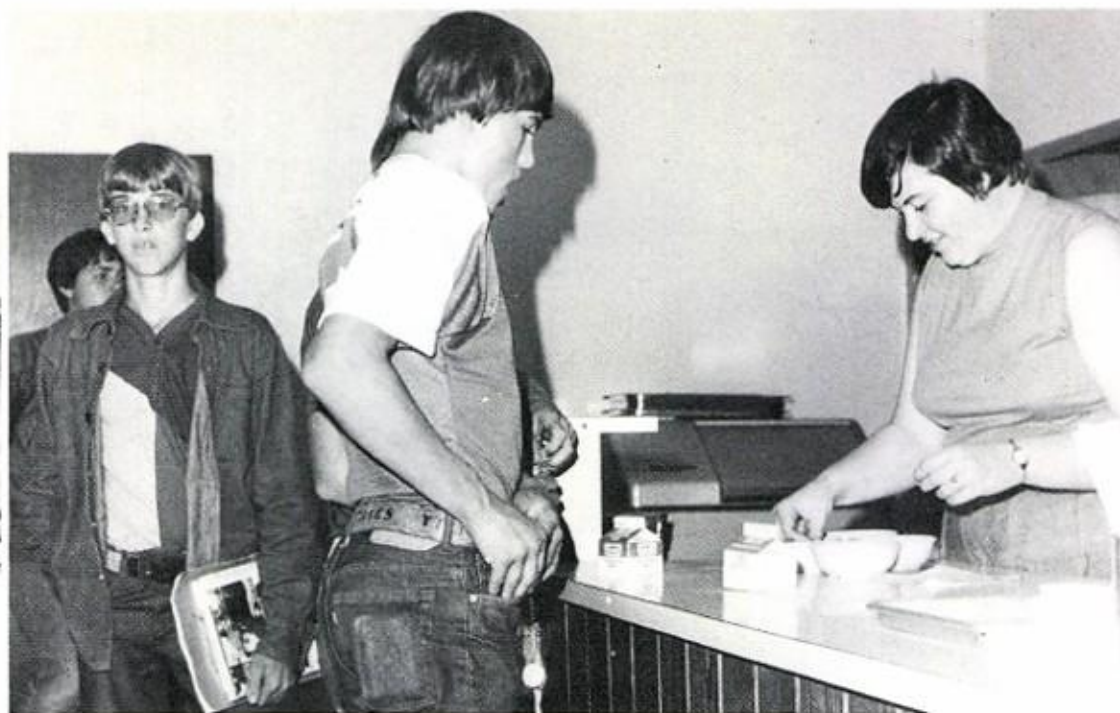

High school accounting students using machines to work problems.

Some Typing II students practice touch control of ten-key calculators.

Billy gets measured for that long-awaited class ring.

Charles Adams and Brad Harmon line up for their milkbreak.

Johnny, Wayne, and Rex move furniture for annual pictures.

Don and Landrum running off the stencils they had to do in Typing II.

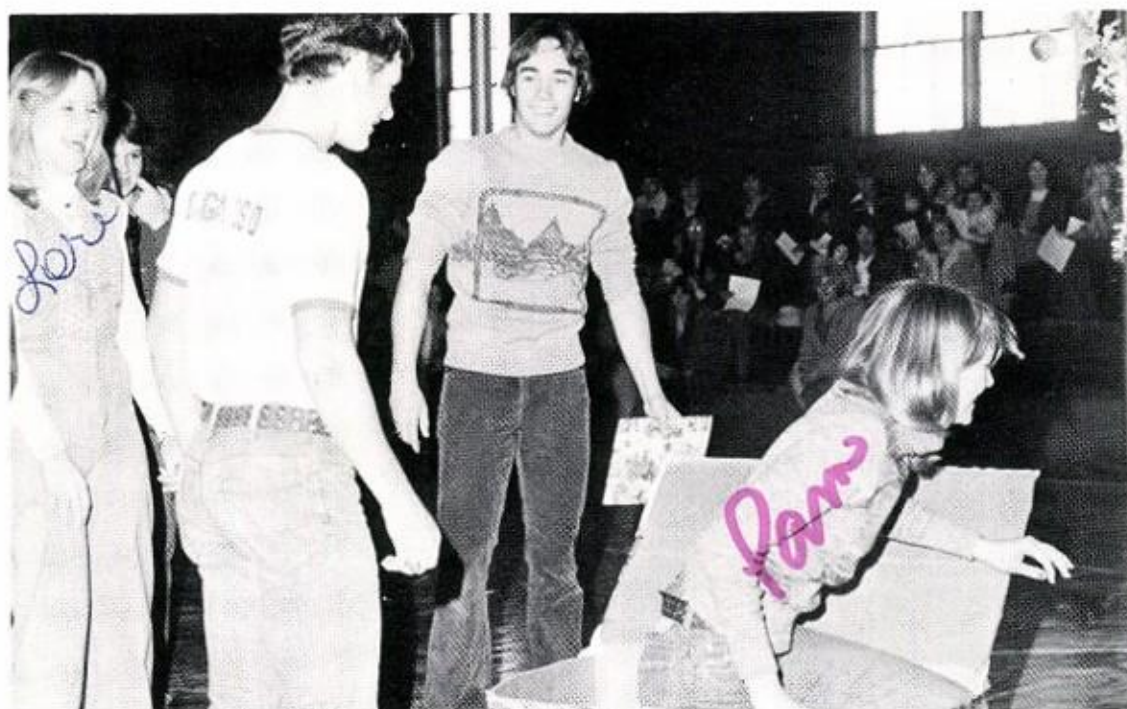

Cindy Darland, Jackie Miller, and Tommy Montgomery try out the three new electric typewriters.

The school year seemed to be a continuous party for the seniors.

Wayne and Carolyn eagerly awaited a piece of cake, Kirby, too.

Butch received a surprise gift at the Xmas party.

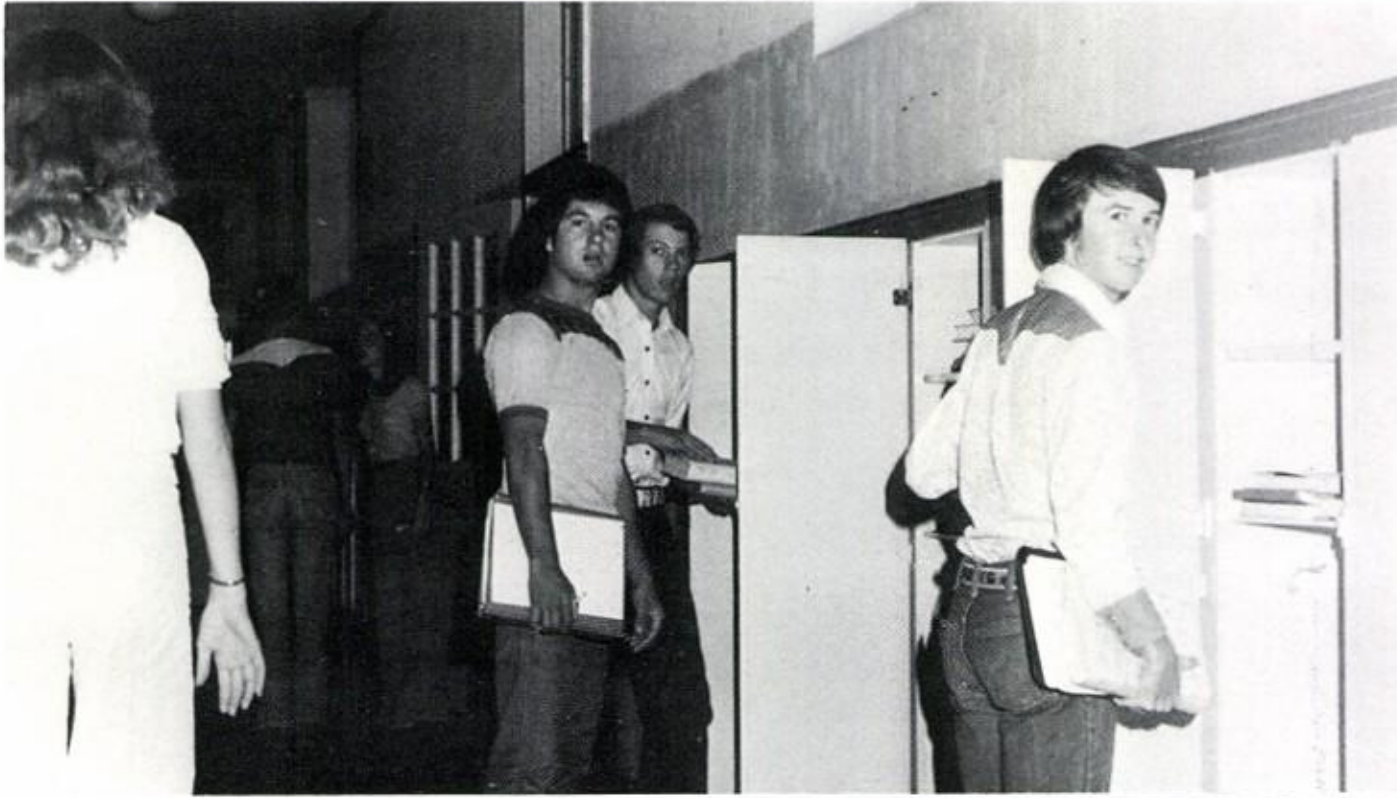

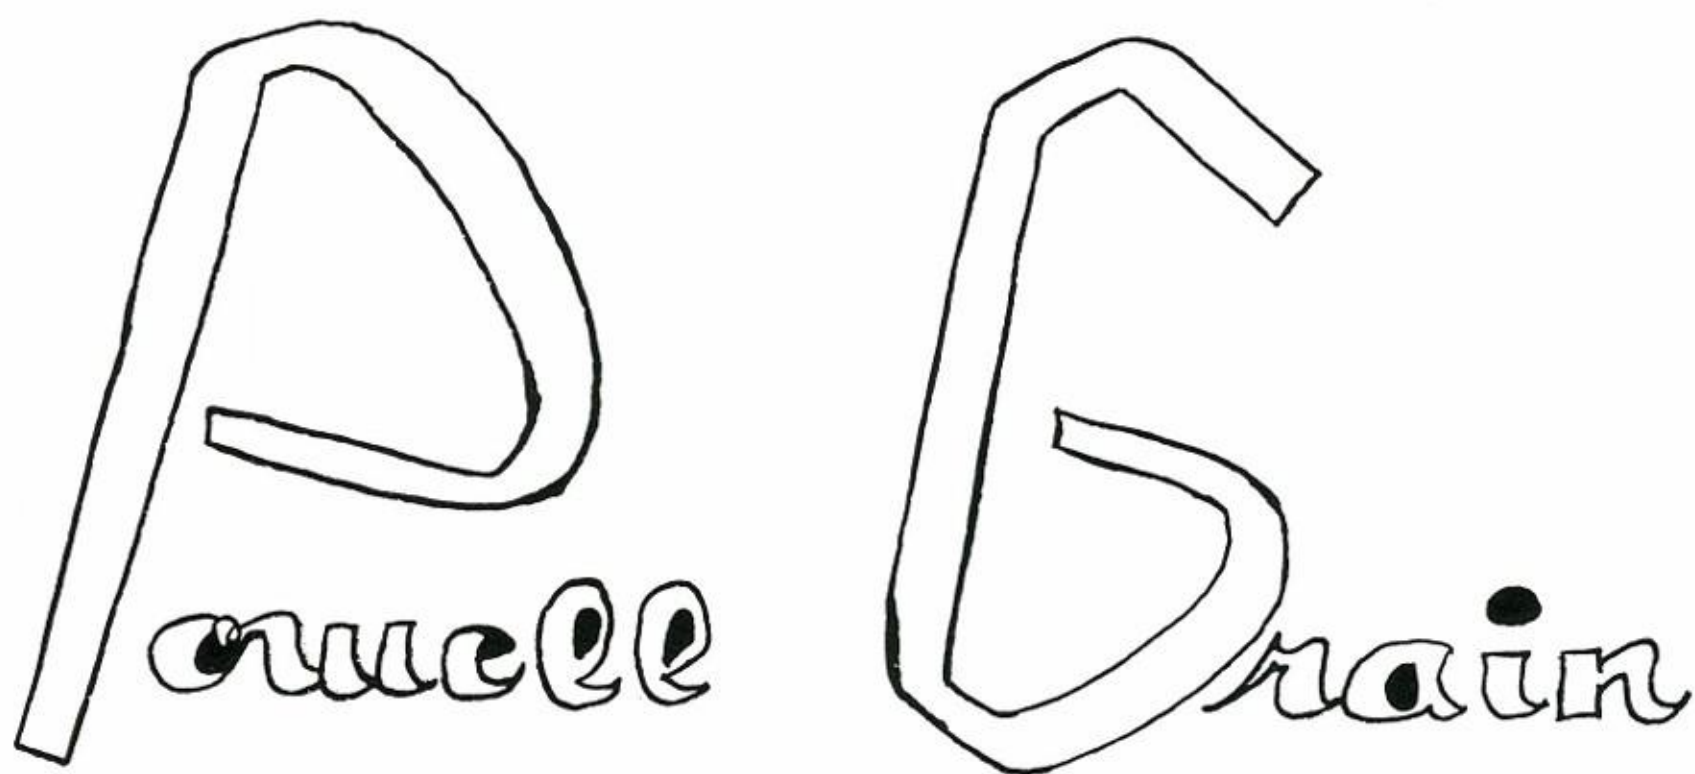

Mrs. D's traditional birthday cake from the seniors.

The senior football players and pep club members celebrated their last pep rally.

SAVING TIPS

on electric air conditioning

Central Systems

1. Set thermostat on 78°, or higher.
2. Have equipment checked seasonally by qualified serviceman.
3. Check filter every 30 days. Clean or replace when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps heat out, cuts energy use.
8. Weatherstrip doors and windows. Caulk cracks.
9. Keep windows closed. Open outside doors as little as possible.

Window Units

Follow above suggestions, plus these:

10. Buy units with *highest* "energy efficiency ratio" (EER). If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity.
11. Place unit where it'll get as little direct sun as possible.
12. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.

Robby,

I will sign it here because I am so

~~stupid~~ **RICH!!!** (HA HA) you are one of the dumbest
stupid, idiot, ~~stupid~~ goofiest person I know

None of ~~me~~ Robby I ~~am~~ teasing. I think alot of you but
my mamma thinks more of you than
I do. You are really

because of
you. We have had alot of fun
times together. Good luck to

So a very dear friend that I have enjoyed
knowing. This past year we have become
very good friends. Just keep your personality
& your winning smile & be yourself
because if you stay the way you are there
is no doubt you will go very far in life.
I hope that we will always be friends.
